

*Since 1967*

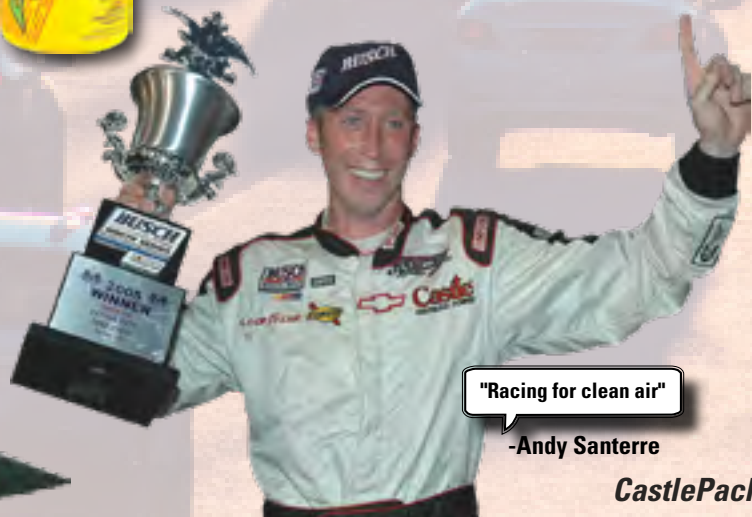

Merging Finger Lakes, Castle, Econo, and Echo into one catalog displays America's broadest line of professional products. Decades of research and development have helped us create a deep, multi-dimensional line.

## FINGER LAKES CASTLE - TIMELINE

1967	February 22 Finger Lakes Chemical (dba) is founded.
1969	2-22 All Purpose Introduced as one of America's 1st "Biodegradable - Phosphate Free" All Purpose Cleaners!
1970	Castle Products, Inc. is founded.
1989	Finger Lakes Environmentally Conscious symbol is Registered.
1990	Finger Lakes Safer Stuff™ USDA "Authorized."
1992	American Corridor Corp. is founded to facilitate international trade.
1993	OSHA's "Preferred Method" for cleaning brake parts; Finger Lakes T-Machine introduced.
1994	US Department of Defense Issues National Stock Numbers (NSN) to FLSC.
1996	Delphi "Recommends" Castle Cleans-Rite™.
1999	Environmental Award from Erie County, NY to FLSC for Lowering County Pollution Levels.
2000	Award From Monroe County for "Biodegradable & Phosphate Free" Environmentally Conscious Products.
2001	Original Equipment Manufacturers (OEM) approve Castle Dragon Power™.
2002	Castle granted a US Patent for the Castle Vac-U-Power® Tool.
2009	Castle® Clunker Bomb™ featured by MSNBC and The Washington Post
2011	The WCSR (Weekly Castle Service Report) is launched at new car dealers across the country.
2017	2-22-17 Celebrates Finger Lakes' 50th Anniversary.
2020	Castle Products, Inc. Celebrates 50th Anniversary.

# KING OF FUEL TREATMENTS

**XP™ Extra Performance Maintenance Treatment**  
Cleans all parts of the fuel system, including fuel injectors, internal carburetor parts and PCV system. Excellent for use as a fuel stabilizer.  
**8 oz. Bottle, Part No. C0813**

**Fireball™ Fuel Injector Cleaner**  
Powerful, fast-acting formula to clean fuel systems and restore performance in just one tank of gasoline.  
**8 oz. Bottle, Part No. C0815**

**Fireball Plus™ Fuel Injector plus Intake Valve Cleaner**  
The Professional's Choice complete fuel system cleaner. Removes carbon from intake valves and pistons.  
**12 oz. Bottle, Part No. C1202**

**Dragon Power™ Professional Fuel System Cleaner**  
Guaranteed One-Tank Results. Removes deposits from entire fuel system including fuel injectors, intake valves, combustion chambers, and fuel rails. This exclusive formula is safe for all gasoline. O.E.M. Approved.  
**16 oz. Bottle, Part No. C1638**

**Power™ Octane Booster**  
This EPA-registered formula increases octane by 10 points, the maximum allowable by law.  
**16 oz. Bottle, Part No. C1636**  
**6 oz. Bottle, Part No. C0636**

**Highway 95™**  
Specially developed to cure problems associated with water contamination in today's ethanol fuel blends. Completely reverses fuel separation, cleans and acts as a stabilizer. Works with 4-stroke and 2-stroke engines.  
**2 oz. Bottle (C0267)**  
**8 oz. Double Neck (C9595)**  
**8 oz. Bottle (C0867)**  
**16 oz. Bottle (C1667)**  
**Highway 95™ Retail Display (not pictured) C0595**  
**AVAILABLE IN BULK SIZES**

# Castle FUEL INDUCTION / INJECTION SERVICE

## RESTORE POWER & PERFORMANCE

### ULTIMATE TUNE-UP® FOR GDI

CPP878

The power in today's GDI engines is being robbed by carbon and fuel deposits. A build up of carbon can cause excessive oil consumption along with performance issues. The Castle® Ultimate Tune-Up™ Service for GDI is now available in a highly effective, easy to use system. You can easily restore performance in your customers' cars by removing carbon deposits while cleaning the entire fuel system.

Ask for a demonstration today, your customers will thank you!

"We have tried many different products over the years and have found Castle Products to be superior to the rest. As far as service goes, no one comes close."

Terry Harrison  
Fixed Operations Director  
Ralph Honda - Rochester, NY

### GDI/IVD Clean™

• Air Intake, Valve & EGR Cleaner  
Quickly removes carbon build up from intake valves and the combustion chamber. It removes deposits that affect performance and fuel economy on today's direct injection and diesel engines.  
8 oz. Can, Part No. C0878

### Cleans Rite™

• Mass Air Flow Sensor Cleaner  
Specially formulated to safely clean components in and around the mass air flow sensor. Will not harm oxygen sensors, catalytic converters, aluminum, or plastic parts.  
6 oz. Can, Part No. C0618  
20 oz. Can, Part No. C2018

### Vac-U-Power™

• Concentrated Liquid Fuel System Cleaner  
Provides a fast, potent, dependable way to remove carbon deposits from intake valves and combustion chambers. Used with Castle Vac-U-Power Tool.  
16 oz. Can, Part No. C1637

### Rail Power™

• Cleans Intake Valves, Fuel Injectors and Combustion Chambers  
Formulated to solve drivability problems such as hard starting, stalling, poor mileage and loss of power.  
20 oz. Aerosol, Part No. C2037

Injection Adapter Kit  
Basic - EFI999B  
Complete - EFI999C

# Castle DIESEL FUEL SERVICE

This 3-step cleaning system is designed to be used with either the Ford EGR Cleaning Tool or the Diesel Clean Canister. Formulated to provide you with an effective fuel service for cleaning the intake, injectors and EGR passages in today's diesels. Removes deposits, restores fuel economy and provides a valuable maintenance service.

Untreated

Treated

DIESEL SERVICE KIT PART NO. CPP992

## DIESEL SYSTEM CLEANING TOOLS

CDT001

### Ford EGR Cleaning Tool

Used with the 3-Step Castle Diesel Service Kit, the Ford EGR tool thoroughly cleans and removes EGR manifold deposit buildup in Ford 6.0L diesel engines and restores EGR function.

- Eliminates the need for engine tear down
- Provides for a quick and easy maintenance service
- Save on costly future repairs

CDT002

### Diesel Clean Canister

Provide a quick and effective diesel fuel system using the Castle Diesel Clean Canister. When used with the Castle 3-Step Diesel Service Kit you will clean the entire fuel system of harmful deposits, restore performance and power and also reduce emissions.

- Use as an effective fuel system maintenance tool
- Removes combustion chamber deposits

### Cleans-Rite Diesel™

Formulated especially for cleaning diesel air intake and EGR valve systems. It is comprised of detergents, dispersants, and solvents that work together to effectively dissolve carbon, gum and varnish deposits.  
8 oz. Part No. C0890

### Vac-U-Diesel™

• Diesel Fuel System Cleaner  
Cleans injectors and restores flow through EGR cooler and induction system. Removes carbon, gum, and varnish safely and completely from the diesel fuel system.  
16 oz. Part No. C1693

### Dragon Power Diesel™

• Diesel Fuel Treatment with ULS Lubricity  
Improves fuel economy and fuel stability, and keeps engine running cleanly and efficiently. Reduces exhaust emissions, cleans injectors, increases cetane and corrosion protection, reduces power loss and serves as an upper cylinder lubricant.  
16 oz. Part No. C1690  
AVAILABLE IN BULK SIZES

### 5 Star™

• Diesel Conditioner  
Diesel fuel treatment and conditioner keeps your engine running cleanly and efficiently, while enhancing fuel cold flow properties in sub-zero temperatures.  
16 oz. Part No. C1691  
32 oz. Part No. C1691-32  
AVAILABLE IN BULK SIZES  
EPA #019420014

### ICE Buster™

ICE Buster de-ices diesel fuel systems fast. De-ices frozen fuel filters and reliquifies gelled fuel. Contains ULS lubricity to protect components during de-icing. Effective in ULSD and Biodiesel.  
32 oz. Part No. C1692-32

# Castle POWER STEERING SERVICE

The Castle® Power Steering Service will internally clean your complete steering system and replace the old fluid with specially conditioned fluid. Castle® Power Steering Fluid & Conditioner contains a complex mixture of anti-oxidants and anti-wear agents, protecting against excessive wear in the spool valve housing, preventing fluid breakdown and extending the life and lubricity of the fluid.

- PREVENTS EXCESSIVE WEAR
- REDUCES STEERING PUMP NOISE
- RESTORES STEERING PERFORMANCE

Test Pads

CPP832

CPP831

# Castle COOLING SYSTEM SERVICE

Dissolves cooling system deposits, is harmless to all cooling system components, and restores coolant flow for trouble-free operation.

Power Flush™, a blend of cleaners, surfactants, and acids removes harmful scale, sludge, rust, and corrosion.

Cool Flo™ is safe and effective in all types of coolant and restores proper pH while protecting the entire cooling system.

Quick Stop™ adds internal leak protection to prevent head gasket and other internal leaks while sealing the heater core and radiator.

- RESTORES PROPER PH
- PREVENTS CORROSION
- EXTENDS COOLANT LIFE

CPP004

Test Strips

# Castle BRAKE FLUID SERVICE

Internally clean your complete steering system and replace the old fluid with specially conditioned fluid. Castle® Power Steering Fluid & Conditioner contains a complex mixture of anti-oxidants and anti-wear agents, protecting against excessive wear in the spool valve housing, preventing fluid breakdown and extending the life and lubricity of the fluid.

- PREVENTS BRAKE LINE RUST
- INCREASES RELIABILITY AND SAFETY
- PROLONGS COMPONENT LIFE

# Castle DELUXE OIL SERVICE

Castle's Deluxe Oil Change Service gently rinses away sludge and provides an advanced friction modifier to deliver a guaranteed increase in oil efficiency.

- HELPS REMOVE SLUDGE & OIL CONTAMINANTS
- CONDITIONS THE FRESH OIL, PREVENTING OXIDATION AND THICKENING
- OEG™ INCREASES FUEL EFFICIENCY WHILE PROTECTING AGAINST RUST & CORROSION OF ENGINE COMPONENTS
- REDUCES FRICTION & WEAR
- KEEPS ENGINE CLEAN

CPP847

CPP829D

Before Flush

After Flush

# Castle TRANSMISSION SERVICE

Castle provides a complete line of transmission, CVT supplements and cleaners to enhance performance and add additional protection for today's tough fluid demands.

- REMOVES HARMFUL DEPOSITS
- RESTORES PROPER OPERATION
- EXTENDS LIFE OF TRANSMISSION

# Castle DRIVE LINE SERVICE

Castle Gear Lube+ is a full synthetic formulation with a built-in limited slip additive. Used in a variety of domestic and import applications where a high quality synthetic gear oil is called for. Castle Gear Lube+ will reduce wear while increasing fuel economy and protecting driveline components under the toughest conditions. Meets Specs for OEM Warranty.

- REDUCES HEAT, FRICTION & WEAR
- INCREASE FUEL ECONOMY
- MEETS SPECS FOR OEM WARRANTY

C0642 75W90 C0962 75W90 C0643 75W140 C0963 75W140

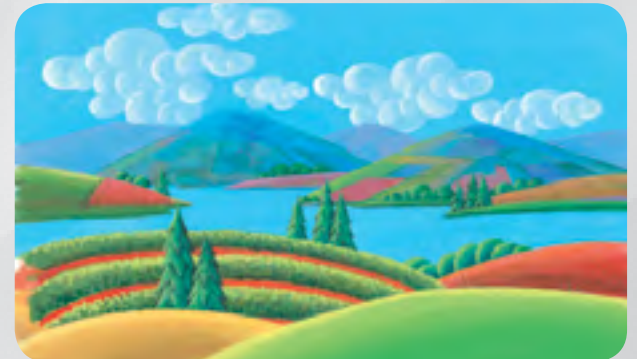

# Castle A/C CABIN FRESH AIR SERVICE

The Fresh Air™ Service eliminates foul odors from heating and A/C systems caused by mold, mildew, cigar/cigarette smoke, etc., by using an EPA registered disinfectant. Fresh Air™ Fragrance is added to the washer fluid reservoir to distribute a pleasant fragrance throughout the vehicle.

- EPA REGISTERED
- KILLS BACTERIA & FUNGI
- ELIMINATES FOUL ODORS
- PLEASANT FRAGRANCE

CPP038

**AC Dye™**  
Meets OEM Specifications  
Air conditioning compressor lube with tracer dye for finding system leaks. Safe for all types of Pag and Ester Oils.  
**1.5 oz. Bottle, Part No. C33002**  
**AC Tool, Part No. EA02-53123**

# Castle BATTERY MAINTENANCE SERVICE

Our Battery Service removes corrosion from battery posts while detecting acid leaks. Anti-corrosive battery pads are installed, and a protective coating on battery connections is applied to resist corrosion and increase battery life and power.

- DETECTS ACID LEAKS
- PREVENTS CORROSION
- PROLONGS BATTERY LIFE

CPP512

Battery Anti-Corrosion Pads Dual Mount, Part No. EA03-51

# Castle HEADLIGHT RESTORATION SERVICE

Castle® has put together the most advanced restoration service available to treat foggy, oxidized and discolored headlights. The headlight restoration service completely restores dull and hazy headlights, rejuvenating them to their original crystal clear finish.

**MAKE IT NEW AGAIN!**

- REMOVES HAZY, YELLOWED, FOGGY OXIDIZED DISCOLORATION
- CRYSTAL CLEAR FINISH
- CLEAR COAT PROTECTS AGAINST UV DAMAGE
- REMOVES FINE SCRATCHES
- ENHANCES VISIBILITY FOR NIGHT DRIVING

### Brake Bath™

• Low VOC brake parts cleaner  
Non-chlorinated formula cleans brake parts without having to disassemble the brake unit.  
**8 oz. Aerosol, Part No. C0897**  
**20 oz. Aerosol, Part No. C2097**

### Brake Life C™

100% ceramic brake lubricant with real ceramic solids for extreme performance under critical braking conditions.  
**8 oz. Bottle, Part No. C0838**

### Brake Life™

• Brake lubricant and dielectric grease  
A superior brake lubricant with 100% silicone formula that can also be used as dielectric grease in electronic connections.  
**8 oz. Power Pack, Part No. C0837**

### Squeal X™

• Conditions new brake pads  
Formulated to eliminate brake noise and squeal when used on new pads. Guaranteed when used as part of any Castle brake kit.  
**6 oz. Aerosol, Part No. C0602**

### QT™

• Stops vibration  
Stops vibration of brake pads in calipers to prevent squeal.  
**16 oz. Aerosol, Part No. C1627**

### Meta-Seal™

• Brake silencer  
A spray on metalizing treatment to prevent brake noise at the source. The microfine aluminum particles form a molecular bond with the rotor/drum friction surfaces, ending annoying vibration and brake squeal. Effective on all brake systems, foreign and domestic.  
**20 oz. Aerosol, Part No. C2093**

### PREFERRED WET BRAKE CLEANING METHOD:

Finger Lakes T-Machine™ exceeds all regulation mandates for the OSHA preferred method. Is a safe and economical solution for cleaning automotive brake systems. Environmentally conscious buyers can comply to OSHA brake cleaning by using Finger Lakes System Chemistry.

### Formula-T™

• Brake parts cleaner & degreaser EPA approved under SNAP (Significant New Alternative Program) Emulsified formula is non-flammable, contains no chlorinated solvents, is biodegradable, and contains no regulated VOCs.  
**5 Gallon, Part No. FLSC9505**  
NSN# 6850-01-383-3059 (5 gal.)

CastlePacksPower.com

CastlePacksPower.com

**Kleenz-Oil Flush™**  
 • 10 Minute Oil Flush  
 Mild oil system flush formula works quickly to break through and soften deposits of oil, dirt, and sludge.  
**16 oz. Bottle, Part No. C1646**

**OEG™**  
 • Oil Efficiency Guarantee  
 Provides 2% fuel efficiency increase, extends engine life with the most advanced friction modifiers on the market to prevent component failure.  
**16 oz. Bottle, Part No. C1647**

**OES™**  
 • Oil Supplement for Deluxe Oil Change  
 Quality blend of essential additives that prevent sludge and reduce engine friction and wear.  
**8 oz. Bottle, Part No. C0847**

**Mega Flush™**  
 A safe, effective formula to clean automatic and CV transmissions.  
**8 oz. Bottle, Part No. C0826**

**TC-12™**  
 Rejuvenates fluid trapped in torque converter. Lubricates, helps prevent varnish build up, and prolongs transmission life.  
**12 oz. Bottle, Part No. C1225**

**CV-12™**  
 Concentrated treatment meets lubrication requirements for CVT transmission systems. Fights high temperature breakdown while reducing oxidation, extending fluid life.  
**12 oz. Bottle, Part No. C1224**

**Power Steering Flush™**  
 Safely removes varnish deposits, while preparing power steering systems for new fluid.  
**8 oz. Bottle, Part No. C0841**

**Power Steering Fluid and Conditioner**  
 Formulated to meet or exceed all performance requirements for most foreign and domestic cars, including Honda. Reduces friction and noise.  
**12 oz. Bottle, Part No. C1203**  
**64 oz. Bottle, Part No. C0641**  
**64 oz. Bottle Red Fluid, Part No. C0641-R**  
**64 oz. Bottle Synthetic, Part No. C0640**

**A/C Dye™**  
 Meets OEM Specifications. Air conditioning compressor lube with tracer dye for finding system leaks. Safe for all types of Pag and Ester Oils.  
**1.5 oz. Bottle, Part No. C33002**  
**1 Gallon, Part No. C33128**

**1234yf A/C Dye™**  
 To be used only in late model vehicles that contain 1234YF refrigerant.  
**1.5 oz. Bottle, Part No. C34002**  
**1 Gallon, Part No. C34128**

**ATO™**  
 Air Tool Oil lubricates, protects, and removes deposits. Recommended for frequent and prolonged air tool use.  
**4 oz. Bottle, Part No. C0445**

**GOS™**  
 Reduces operating temperature and friction by adding limited slip performance and eliminating rough manual transmission shifting.  
**4 oz. Bottle, Part No. C0444**

**Synthetic Gear Lube +**  
 Premium full synthetic gear lubricant formulated to require no additional additives. Provides superior high and low temperature performance and improved thermal stability for wear protection, even in severe service applications.

**75W-90 OEM Grade**  
**64 oz. Bottle, Part No. C0642**  
**96 oz. Bottle, Part No. C0962**

**75W-140 OEM Grade**  
**64 oz. Bottle, Part No. C0643**  
**96 oz. Bottle, Part No. C0963**

**Power Flush™**  
 • Radiator Cleaner  
 Modern technology quickly cleans cooling system scale.  
**12 oz. Bottle, Part No. C120512**

**Cool-Flo™**  
 • Cooling System Protector  
 Restores coolant to proper pH and corrosion protection. Prevents scale build-up in cooling systems. Military Spec. #6850-01085-4717  
**12 oz. Bottle, Part No. C1212**  
 Also available in bulk sizes

**Quick-Stop™**  
 • Radiator Sealer  
 A fast acting, non-clogging sealer for vehicle radiators and head gaskets.  
**12 oz. Bottle, Part No. C1236**

**Rad-Flo™**  
 • Traditional Cooling System Fast Flush  
 Flushes rust, scale, oil and anti-freeze residue in less than 15 minutes.  
**12 oz. Bottle, Part No. C1205**

**54 FEET IN EACH CAN!**

**E-Z Bead Import Gray™**  
 • High Torque Silicone Sealant  
 High torque fast cure silicone RTV sealant and gasket maker. Temperature range of -40°F to 600°F (Intermittent to 650°). Resistant to gasoline exposure. Oxygen sensor safe. Meets or exceeds OEM requirements.  
**9 oz., Part No. C0812**

**E-Z Bead High Temp Red™**  
 • High Temp RTV Silicone Gasket Maker  
 High Temp RTV silicone formulated to be used where temperatures reach as high as 600°F, such as high temperature cam and timing chain covers, crossover manifolds, and exhaust manifolds.  
**8 oz., Part No. C0809**

**E-Z Bead Low Volatile™**  
 • Low Volatile RTV Silicone Gasket Maker  
 Low Volatile RTV silicone exceeds all GM specifications including volatility (Silica Volatile), resistance to oil and glycol, tack free cure time and high temperature range.  
**8 oz., Part No. C0810**

**E-Z Bead Supreme™**  
 • Supreme™ RTV Silicone Gasket Maker  
 An RTV Silicone that is high temperature, low odor, low volatile, non-corrosive, resistant to hot oil and glycol, and possesses superior non-leak characteristics.  
**8 oz., Part No. C0821**

**E-Z Bead RTV™**  
 • RTV Silicone Gasket Maker  
 Now with the new E-Z Bead Power Pack™ dispenser, you can make any size, any shape gasket with just the press of a finger.  
**8 oz.:**  
**Blue, Part No. C0806**  
**Black, Part No. C0807**  
**Clear, Part No. C0808**  
**School Bus Yellow, Part No. C0818**  
**White, Part No. C0820**

**Trim Stick™**  
 • Spray Adhesive  
 Excellent for gasket assembly, head liners, etc.  
**20 oz. Aerosol, Part No. C2006**

**Big Stick™**  
 • Heavy Duty Spray Adhesive  
 This "SUPER" strength formula has a professional adjustable nozzle, dries fast and creates a permanent bond every time.  
**20 oz. Aerosol, Part No. C2041**

**Tire Mount™**  
 • Rubber Lubricant  
 Formulated with penetrating and degreasing agents to ease the mounting and dismounting of tires.  
**1 Gallon, Part No. DE85128**  
 Also available in bulk sizes

**Hug™**  
 • Aerosol Tire Bead Sealer  
 Creates an air tight seal where tire meets rim.  
**20 oz. Aerosol, Part No. C2009**

**Hold Tite™**  
 • Gasket Adhesive/Sealant  
 Fast setting, super strength formulation holds even the heaviest gaskets in place.  
**16 oz. Aerosol, Part No. C1628**

**Pro Mount™**  
 Tire mount and rubber lubricant formulated for superior performance on low profile, run flat, and alloy wheels.  
**8 lbs., Part No. C2009-8**  
**Applicator, Part No. EA09-79**

# THE INDUSTRY'S FAVORITE SHOP CHEMICALS FOR OVER 50 YEARS.

**Shop Solv™**  
 • Shop Cleaning Solvent  
 A non-chlorinated multi-purpose solvent to clean grease, oil, and cosmoline.  
**8 oz. Aerosol, Part No. C0894**  
**20 oz. Aerosol, Part No. C2094**  
**24 oz. Aerosol, Part No. C2495**  
 AVAILABLE IN BULK SIZES

**Thrust™** NSF  
 • Penetrating Oil  
 Exclusive "Ion-Activated" formula won't burn off; has super affinity for metal to give it a powerful penetrating action. Foams on so it won't run off. Additive "M" provides lubrication and resists high temperatures.  
**8 oz. Aerosol, Part No. C0805**  
**20 oz. Aerosol, Part No. C2005**  
 ALSO AVAILABLE IN BULK SIZES.  
**NSF Registration Number: 143428**

**Cleans-Rite™**  
 • Mass Air Flow Sensor Cleaner  
 Cleans mass air flow sensors without harming coatings or sensitive components found in and around the vehicle's air intake system. Tested and approved by major OEMs.  
**6 oz. Aerosol, Part No. C0618**  
**20 oz. Aerosol, Part No. C2018**

**Torch™**  
 • Pure Penetrating Oil  
 A Hi-Tech foaming action formula loosens the toughest nuts and bolts. **16 oz. Aerosol, Part No. C1697**

**Super 50-5™**  
 • Penetrant, Lubricant, Demoisurant, Rust Preventative  
 Penetrates rust, lubricates, stops squeaks, reduces friction, rustproofs for months and dries wet engines for fast starts.  
**20 oz. Aerosol, Part No. C2011**

**Endura™** NSF  
 • Heavy Duty Clear Penetrating Grease  
 High-strength lubricant with exceptional adhesive capability. Sets up as a long lasting grease that withstands extreme pressures and temperature ranges from -30°F to more than 600°F.  
**16 oz. Aerosol, Part No. C1630**  
**5 Gallon, Part No. C1630-5**  
**NSF Registration Number: 124465**

**Dragon Fire™**  
 • Carburetor and Choke cleaner  
 A complete cleaner for carburetors, automatic choke linkage, and PCV systems. Contains "Resi-Lube" for residual lubrication for all moving parts. Harmless to oxygen sensors.  
**8 oz. Aerosol, Part No. C0817**  
**20 oz. Aerosol, Part No. C2002**

**Gang Buster™**  
 • Carburetor and Choke cleaner.  
 Non-chlorinated cleaner for carburetor and automatic chokes.  
**20 oz. Aerosol, Part No. C2019**

**Muscle Grease™**  
 • Heavy Duty Red Lubricant  
 Excels in heavy load and extreme pressure situations. Won't melt, harden or thin from 0°F to 350°F. 100% waterproof, resists corrosion from acids, alkaline, and salt.  
**16 oz. Aerosol, Part No. C1606**

**White Lithium Grease™**  
 Used primarily on door and hood hinges, striker plates, latches, window mechanisms, seat regulators, and other areas where metal rubs against metal.  
**8 oz. Aerosol, Part No. C0802**  
**16 oz. Aerosol, Part No. C1602**

**Big 5™** NSF  
 • Heavy Duty Silicone Lubricant  
 Formulated with 99% pure high viscosity silicone for a slippery protective film. Upside down extension valve. **20 oz. Aerosol, Part No. C2004**  
**NSF Registration Number: 124464**

**Pure Silicone Spray™**  
 Same famous 99% pure high viscosity formula that is found in Big 5. Attractive retail package.  
**8 oz. Aerosol, Part No. C0803**  
**16 oz. Aerosol, Part No. C1603**

**Corrosion-Off™**  
 • Battery Cleaner with "Detex™"  
 Amazingly simple way to completely clean a battery and also locate all acid leaks. "Detex™" will turn battery acid bright red.  
**1.5 oz. Aerosol, Part No. C0214**  
**16 oz. Aerosol, Part No. C1614**

**Iron Man™** NSF  
 • Chain & Cable Lubricant  
 Foams on smoothly to completely penetrate and lubricate chain and cables.  
**16 oz. Aerosol, Part No. C1622**  
**NSF Registration Number: 124466**

**Torque Master™**  
 • Anti-Seize and Lubricating Compound  
 Carefully formulated with genuine copper and special lubricant to assure accurate torquing. Effective at temperatures up to 2200°F and pressures in excess of 50,000 psi.  
**16 oz. Aerosol, Part No. C1625**

**Dry Lub™**  
 • Dry Film Lubricant  
 Professional molybdenum disulfide dry lubricant bonds to the surface to form permanent layers of tough, dry film.  
**20 oz. Aerosol, Part No. C2015**

**Long Life™**  
 • Battery Protector  
 Stops battery corrosion and increases battery life.  
**1.5 oz. Aerosol, Part No. C0207**  
**3 oz. Aerosol, Part No. C0307**  
**16 oz. Aerosol, Part No. C1607**

**Kleenz-Oil™**  
 • Spray Degreaser  
 Just spray on engines, driveways and garage floors, let set and hose off.
